- **NEWS**
Regular news of pending regulatory changes affecting mortgage banking

Seattle Mortgage Bankers Association

History

Founded by Seattle's premier banking institutions in 1920, the SMBA is one of the nation's oldest and most highly regarded lending associations. Through participation in the SMBA, our volunteers and active members better serve our clients, our profession, and our local community.

Companies that belong to the SMBA include those focused on residential lending, commercial lending, loan origination, loan servicing, and those providing products and services to the lending community.

Lead

Over eighty years after its founding, the Seattle Mortgage Bankers Association continues a tradition of leadership in the lending community. By joining the SMBA your company identifies itself with the foremost lending organizations in the greater Seattle metropolitan area.

Engage

Our monthly dinner meetings, Income Property lunches, and annual golf tournament draw almost 2,000 mortgage professionals annually. These opportunities to develop mutually advantageous relations with peers and hear from knowledgeable speakers help SMBA members to excel in an industry where a strong grasp of the business climate and complex regulatory requirements can make the difference between success and failure.

Serve

Serve the community in which you work by collaborating with other SMBA members on charitable giving, with an emphasis on low income housing. In the recent past, the SMBA has built two Habitat for Humanity homes and given almost \$70,000 to support charitable housing initiatives.

Support

Your support of the Seattle Mortgage Bankers Association will serve to perpetuate the good done by the association through the many years since its founding. Relative to our many accomplishments, annual dues are extremely reasonable and afford your company's entire staff the benefits of membership.
